Jivaro is an **innovative tool** which makes recruiting easier.

JIVARO, YOUR SPECIALIST RECRUITMENT PARTNER

Identifying and attracting candidates who meet your requirements are strategic challenges to which Jivaro offers a solution.

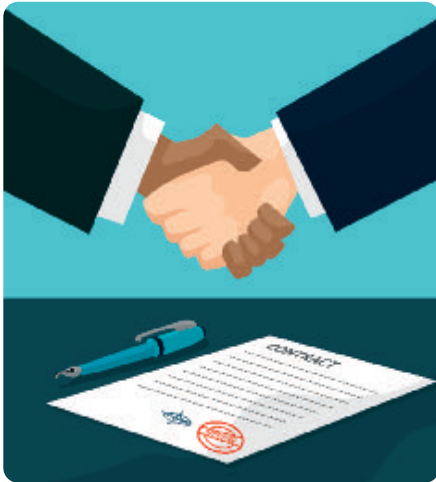

Jivaro has opted to specialise: every single candidate registered on Jivaro has at least two years' experience in a Big 4 firm.

Candidates are currently employed with a Big 4 firm or with another company.

Jivaro has introduced a pre-registration filtering process to ensure that candidates' skills meet your needs.

AT LEAST 2 YEARS' EXPERIENCE IN A BIG 4 FIRM

Jivaro, the choice for excellence

Jivaro reviews and analyses each registration before granting candidates a Jivaro passport.

In each case, a **uniquely formatted CV** is created, enabling recruiters to gain a quick, simple and effective overview of candidates' experience and qualifications.

All candidates registered on Jivaro are actively seeking a new career challenge. Profiles are updated regularly in order to guarantee the status of candidates.

Jivaro, recruitment agency quality at job board prices

Turning to a recruitment agency is an expensive investment.

Using a general job board is certainly cheaper, but the candidates that you will attract are not always appropriate or of good quality.

Jivaro offers an excellent service thanks to its entry passport and the verification of each new registration.

By taking advantage of the opportunity to publish job ads on Jivaro and use our search engine, you can quickly target candidates whose experience and skills match your recruitment needs.

Jivaro offers the quality of service provided by a recruitment agency at the price of a general job board.

Jivaro, a simple and effective tool

The founding partners of Jivaro have a background in Big 4 firms and in recruitment agencies.

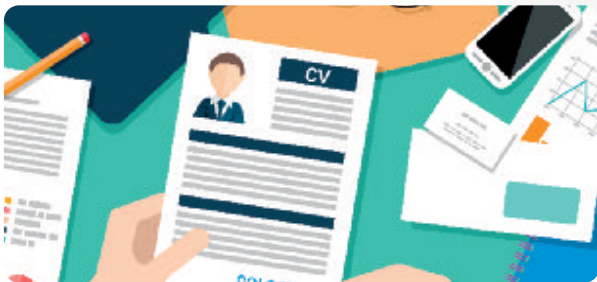

This combination means that we have a better understanding of the needs of recruiters and the expectations of candidates.

The tool has therefore been designed to ensure that it is **simple** and **effective** for both clients and candidates.
