

# PARTSCOSTING

**digital supply chain platform for  
standard components**

Meelis Paas CEO/Founder

[meelis@partscosting.com](mailto:meelis@partscosting.com)

**Whether you're searching buying or selling standard components,  
a lot of time and effort is spent on:**

- communication - sending e-mails and making calls
- data handling - hundreds of similar parts with hundred different product codes
- data management - manually inserting data into PDM, PLM, ERP system

- over 3 million design engineers, constantly searching for right parts
- hundreds of thousands purchasers constantly searching parts and optimizing suppliers for best price and delivery
- tens of thousands part manufacturers and distributors serving engineering projects

\*fastener annual market size over \$80B, roller bearing annual market over \$50B

## CAD ADD-IN FOR ENGINEERING FIRM

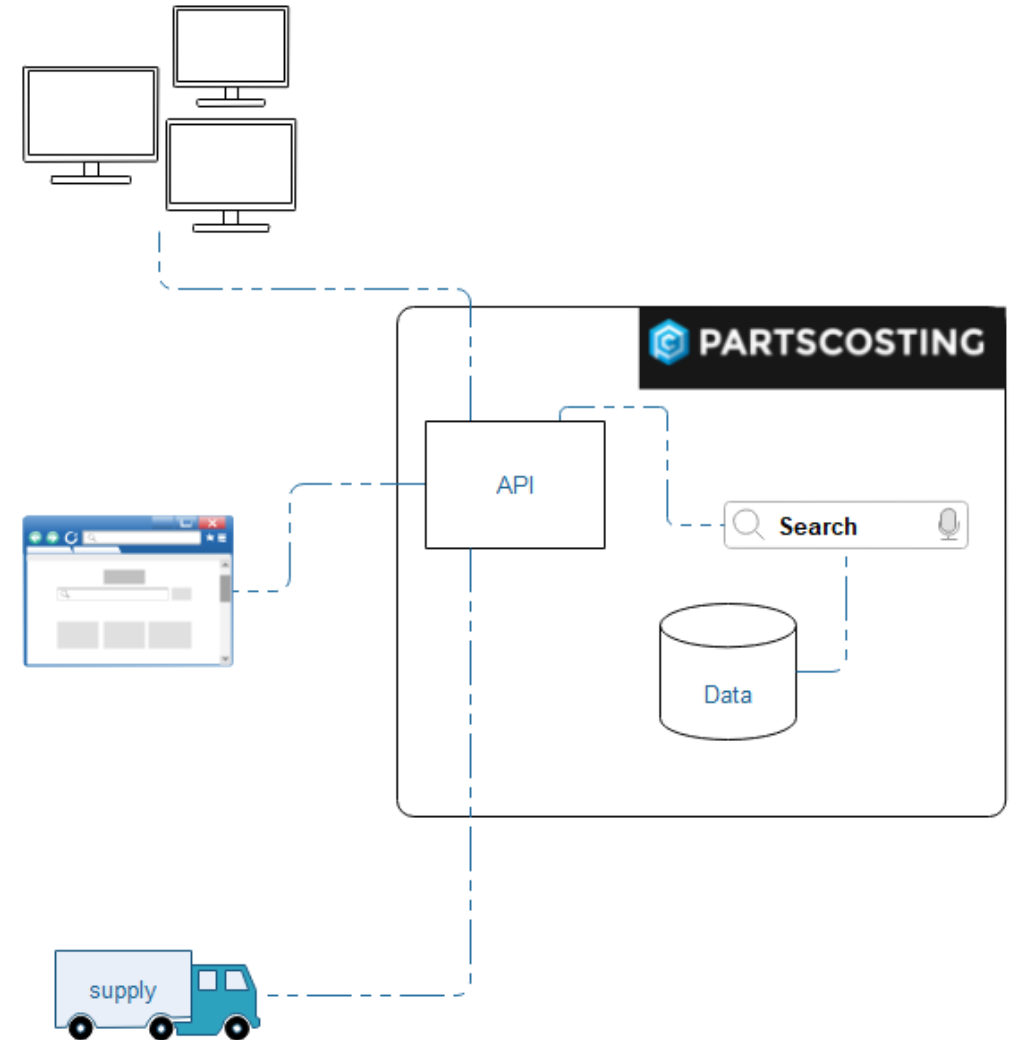

to automate communication between engineers and part suppliers

## PLATFORM FOR MANUFACTURER

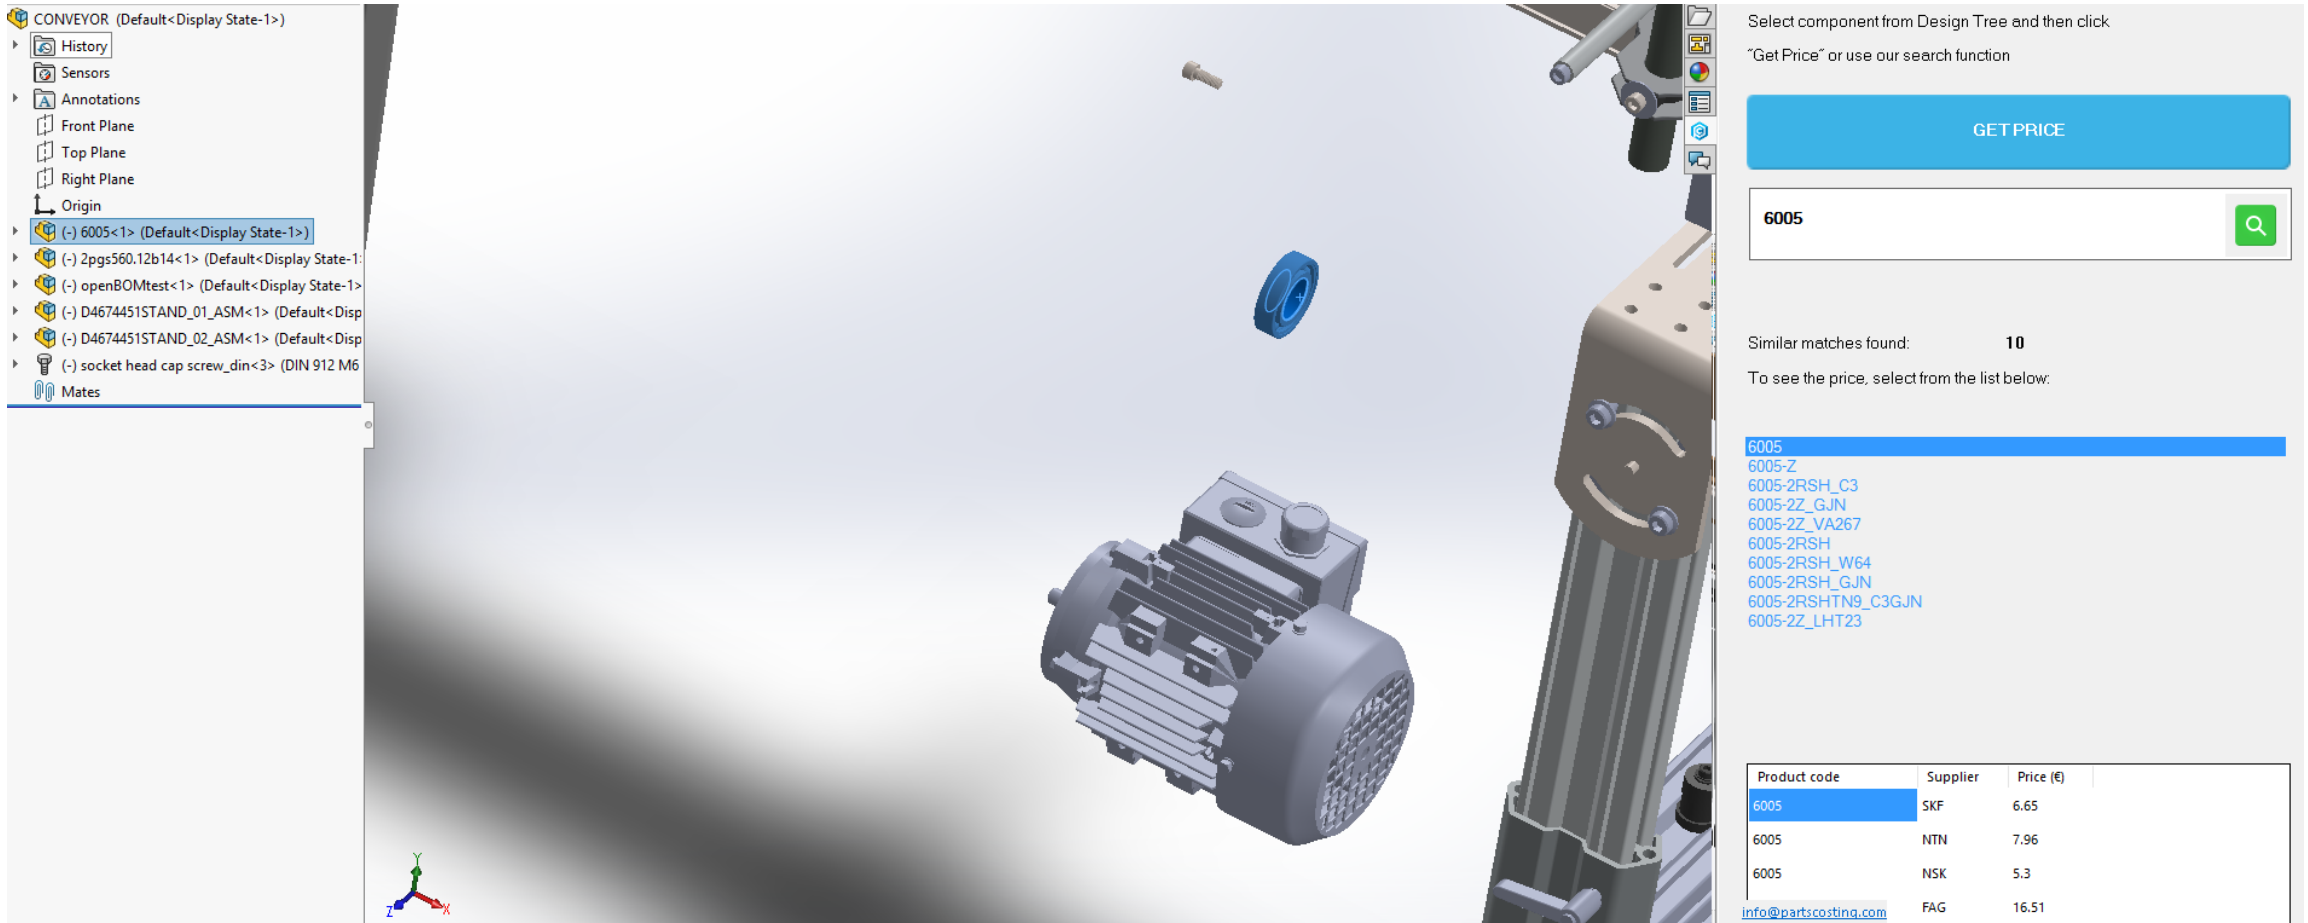

BOM management tool with automated RFQ process with multiple suppliers (product mapping technology)

## PLATFORM FOR SUPPLIER

parts demand prediction for future projects by analysing add-in actions

**As an engineer selects a part within a design, partscosting displays real time data within 3D CAD software**

Select component from Design Tree and then click "Get Price" or use our search function

**GET PRICE**

BESPOKE/CUSTOM PARTS					STANDARD PARTS				
COSTING TOOL					E-COMMERCE IN CAD				

**Meelis Paas**

CEO/Founder

mechanical engineer, author of idea,  
strong expertise in client pain points

**Alar Jõgi**

CPO, Product

mechanical engineer, author of CAD  
Administration Handbook for SOLIDWORKS

**Ranek Runthal**

CIO, Infrastructure Architect

Software engineer, graduation thesis about  
"Partscosting"

**Sohail Alam**

CTO, Software Engineer

Software engineer, start-up experience  
Vitalfields (acquired by Monsanto)

**Octavio Pozo Garcia**

CSO, Data Scientist

Developed machine learning  
solutions for industrial sectors

- Advisor, Dr. **PRIIT PÕDRA** (TUT VICE DEAN Mechanical Engineering department)
- Advisor, **MARTIN RAND** (CEO of Vitalfields (acquired by Monsanto))
- Designer, **MARKO SÖÖNURM**
