

The delivery solution that makes your life easier.

Last year, 25% of long-distance deliveries failed.
Our solution : no logistics but collaborative transporters.

HOW DOES IT WORK ?

We offer the smartest service to send & track goods.

30 seconds online. Nothing more.

Our weeshiper comes for the pick-up.

Track your deliveries in real-time.

The biggest benefit margin of our market.

Average Order Value
87€

we grew it from 30 to 87.

Typology
heavy + long distance

>30 kgs >400 km

Revenue
20%

net per AOV + annual subs.

Acquisition Cost
1€

the rest is organic.
