A. China

Granite from quarries all over the world ends up in China. Hundreds thousands of raw granite blocks are shipped here for further manufacturing.

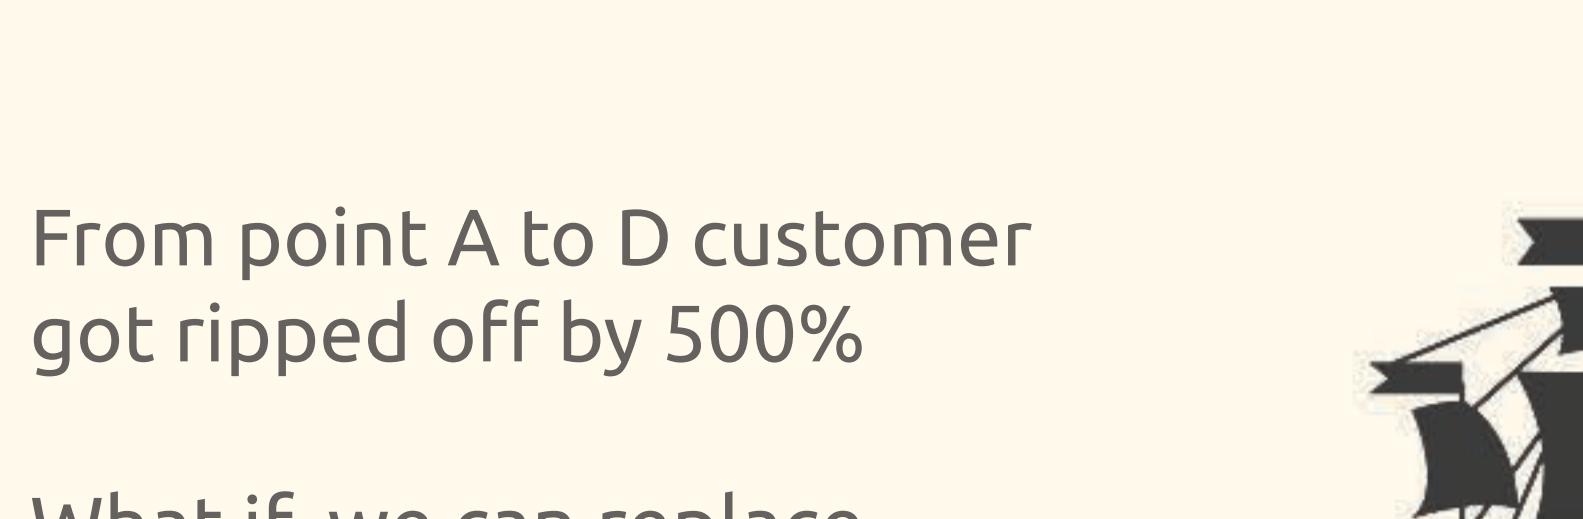

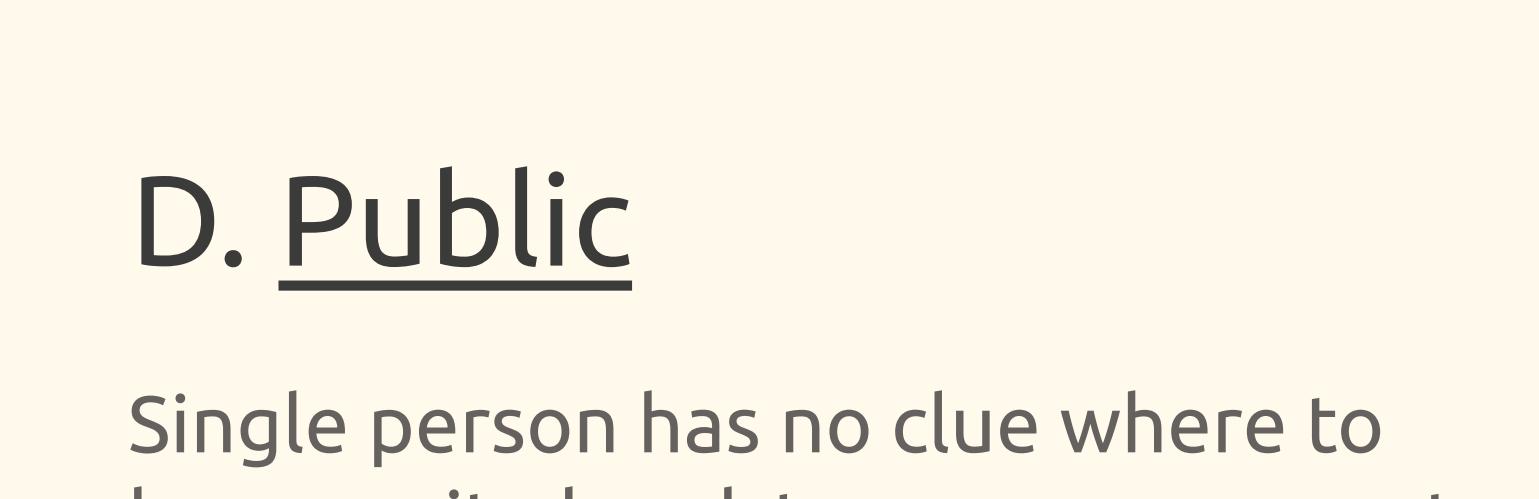

B. Import

The reason for buying from China is of course price and to get a good price the min. order of one container must be placed. This is FOB Xiamen.

C. Wholesale

The usually time frame for sea fright is 4-8 weeks depending on the direction. Containers needs to be transported to the local storage from where stonemasons can buy single pieces.

D. Public

Single person has no clue where to buy granite headstone or monument, so they go to the stonemasons workshops located near cemeteries or find their locations on the Internet.

From point A to D customer got ripped off by 500%

What if, we can replace C and D with E ?

E. Design online

Get fair price and the best quality. We organize manufacturing, delivery and installation.
